

HAPPY

At its training centers located in excluded urban and rural areas in Asia and the Middle East, Life Project 4 Youth gives young people living in extreme poverty the opportunity to gain work experience.

Since 2009, LP4Y has accompanied more than 4500 underprivileged Youth towards their professional integration. Now, they can dream for a better future!

This donation is contributing to accompany these Youth to enable them to change their life.

Thank you for this generous support!
